I've seen us struggle with our mission and mantra for 16 years. Within a single morning session, Daren was able to facilitate us through the abyss by architecting a framework for who we are, both internally, and to the world.

After spending 3 days with Daren, our executive team is laser focused on the tasks at hand. He was able to turn what seemed to be overwhelming obstacles, into extremely manageable tasks. We now have the ability to clearly see things that were nothing more than blurry visions just a few weeks ago.
